STONY PLAIN, ALBERTA, THURSDAY, NOV. 19, 1925

JUST ARRIVED!

**A Choice Assortment of
English China
IN NEWEST DESIGNS
At Reasonable Prices.**

**Commencing on Nov 15 our Store will
close at 6 p.m. and Saturdays at
10 p.m., with exception of
week preceeding Xmas
when we will be open Every Night.**

**A. E. MICHAEL
A GOOD PLACE TO TRADE.**

Wedding Announcement.

Mr. J. Kallander of Holborn, announces the engagement of his only daughter, Anna, to Mr. Ainer Andersen of Watakiwin, Alta. The marriage is to take place at the end of December.

A quiet wedding was solemnized in Edmonton on Saturday evening when Mr. Ainer L. Russell of Vegreville was united in marriage to Miss McColl, popularly known here as "Red".

Change in Train Service.

The running schedule of the Prince Rupert trains No. 3 and 4 was changed on the 15th. Mail arrives now from the east and west, but three times a week, from the east on Monday, Wednesday and Saturday, and from the west on Monday, Wednesday and Friday; no Sunday trains.

Negotiations are being made with the Railway officials to have No. 1 and 2, the early morning and midnight stop at Stony, but at present the trains stopping here are as follows—

No. 3, Going West—Monday, Wednesday and Saturday. Leaves Edmonton at 12:30 p.m. arrives in Stony at 1:20 p.m.

No. 4, Going East—Monday, Wednesday and Friday. Leaves Stony at 5:30 p.m. arrives in Edmonton at 6:35.

LOCAL NEWS

Mr. Jack Crowe of Edmonton was a visitor in Stony this week.

Mr. and Mrs. Robt. Sutherland of Salisbury were guests of Mr. and Mrs. Muri McKinlay on Sunday.

Mr. H. O. Terwilliger who has farmed in the Blueberry district the last few years has moved to Burnaby, B. C.

Arthur Graden is up from Calgary this week.

Mr. Hadley who has been staying here on a visit from Evansburg made a trip to Styal over the week-end.

Young Oscar Oppertshauser was taken to the hospital last week to have an operation for appendicitis.

Mrs. Shearer and family of Calgary are visitors in Stony this week.

Wm. Comisrow made a trip to his home in Leduc on Sunday.

Lawyer Wells of Edmonton is a regular Thursday business visitor to Stony.

Mr. Joey has the contract as caretaker of the skating and curling rinks this winter.

A dance will be held at Holborn Hall tomorrow evening. Bartha Orchestra.

The Ladies Aid of the Union Church are holding their Annual Bazaar in the Town Hall on Saturday, Nov. 28.

The new transformers to replace those burned out last summer have been installed on the electric light lines. This will remedy the noticeable wavering of the light and a more steady flow of current is assured.

Owing to the illness of two members, the play, "Strictly Business" which was to be shown tomorrow night at Holborn hall has been called off. Date of its appearance will be announced later.

The Women's Institute meet at the home of Mrs. L. Kowensky on Wednesday, Dec. 2nd. The officers request that all members attend as the election of officers for the ensuing year will take place.

A Whist Drive and Bazaar will be held at the Holborn Hall on Friday, Dec. 4, by the U.F.W.A.

The St. Matthew's Ladies Aid will hold their third Annual Bazaar on Saturday, Nov. 21st at 1:30 p.m. in Oppertshauser's Store.

Mr. Ray Hyatt held a dance at the Golden Spike school house last Friday evening but evidently the dancers did not greatly appreciate Ray's efforts as he was the only survivor left when the clock struck eleven. Some of the crowd came in to Stony while others went to the dance at Sand Hills.

Cultivate the Christmas Spirit Now

The approach of the Christmas season brings to nearly everybody thrills of pleasurable anticipation. It is a time of happiness and goodwill all round when old disappointments, enmities, and selfishness are relegated to the background. Already people are busy planning and making gifts for relatives and friends, and it is to be hoped, with a thought for those who are less fortunately placed in life than themselves.

But there are certain groups in our population to whom the coming of Christmas means the hardest work and longest hours of labor during the whole year. Chief in this group are the employees of the post office throughout the country. Persons who seldom write to relatives and friends throughout the year, do so at Christmas time. Millions exchange Christmas cards and other forms of greeting. Parcels containing gifts pour into the post offices in their thousands. And the postal employees have to receive, sort and despatch it all, and, in the cities and along rural routes, deliver it.

Most people time the mailing of their cards of greeting and gifts so they will arrive at their destination one or two days before Christmas, or possibly on Christmas Day itself. The inevitable result is such a congestion in the post offices and railway mail cars that it is a physical impossibility to handle all the business within the short space of time before Christmas Day, no matter how tremendous an effort is made by the postal clerks. Thus many gifts intended for Christmas are not received by those to whom they are addressed until Christmas is past and gone for another year.

It is the more planning, and forethought, and unselfishness in behalf of the post office staff, displayed by people generally, would greatly improve this condition. By mailing Christmas gifts well in advance it may be that they will be received some days before Christmas, but, even so, is there not a greater thrill in the arrival of the first gift than in the case of subsequent ones? And is not a gift received before Christmas a happier one than if it is delayed and not received until Christmas and its festivities are past?

Another group who find the week preceding Christmas a time of strain, resulting in rigid nerves and sharp tempers, are the clerks in stores. Many of them after the strenuous pre-Christmas rush find it necessary to recompute in bad instead of being able to enjoy and join with others in the joy of the day. Their lot can be made much easier by early shopping. Therefore, in your Christmas activities give a thought to their comfort and happiness.

In order to be in a position to mail your Christmas parcels early, it is necessary to shop early. This both these groups of workers will be helped to give you and the public generally better and more efficient service. Just a word in season—bring your Christmas unselfishness into action well in advance of Christmas Day.

You stand to gain by it in every way. Remember the old saying: "The early bird catches the worm." Well, early shopping means that you have the pick of the goods offered for sale, while the late shopper has to be content with what is left over and previously rejected by the more alert and discriminating shopper. Early shopping gives time for suitable selection of gifts best designed to meet the needs and cater to the tastes of the one for whom they are intended. It means leisure in getting them suitably inscribed with appropriate messages and neatly and properly packed. And an attractively packed parcel adds much to the pleasure of the one who receives it. It conveys an impression of thought and real love on the part of the sender.

Finally, in mailing, observe the instructions of the post office authorities. Put the postage stamps in the upper right hand corner; the address in the lower right hand corner; place your own name and address as sender in the upper left hand corner; if the parcel contains fragile articles, mark it boldly, "Handle with Care" or "Fragile." If you are attaching any Christmas seals or stamps of greeting, place them on the back of the letter or parcel, but not on the same side with the address and postage stamps.

General observance of these little things will greatly expedite the handling of the Christmas rush of mail matter, insure the proper handling of your parcel, and by speeding up the whole service and lightening the labor of the postal employees result in what you yourself desire, the best possible service.

CHILDREN CRY FOR

**Fletcher's
CASTORIA**

MOTHER:—Fletcher's Castoria is especially prepared to relieve infants in cases of Constipation, Diarrhea, Wind Colic and Flatulency, laying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep.

To avoid imitations, always look for the signature of *Dr. J. C. H. Fletcher*. Absolutely Harmless—No Opium. Physicians everywhere recommend it.

No Trouble To Make Payment

Danish Settlers Pay \$2,000 On Purchase Price of Farm
"You want us to make a payment on the farm now."

"Yes, that is the usual way of handling land deals of this kind," said the smiling land agent.

"All right, we'll give you some now," and, without any more ado the purchaser reached among the matches and street car tickets in his vest pocket and brought out two little wads of paper, which he laid on the desk.

These little wads of paper were one thousand dollar bills.
This little scene took place in the office of the Western Colonization Company in Saskatoon. The thousand dollar bills were paid over by two Danish farmers who were brought out to this country to take up land, and who purchased a section twelve miles from Saskatoon. The agent was Alex. Petersen, a former Danish immigrant.

"DIAMOND DYES"

COLOR THINGS NEW

Just Dip To Tint or Boil To Dye

Each 15-cent package contains directions so simple any woman can tint soft, delicate shades or dye rich, permanent colors in hair, linens, silk, ribbons, skirts, waists, dresses, coats, stockings, awnings, draperies, coverings, hangings—everything!

Buy Diamond Dyes—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton or mixed goods.

A Massachusetts farmer in 1790 spent only \$7 to maintain his family in ample comfort. All other essentials having been made on the farm.

HOW TO RELIEVE CHILDREN'S COLDS

Avoid Serious Results by Using Baby's Own Tablets

When a child shows the first symptoms of a cold, such as sneezing, redness of the eyes, closed or running nose, prompt measures for relief may avert serious results. Mothers should always have on hand some simple, safe and effective remedy for immediate use.

Baby's Own Tablets act quickly, contain no opiates or narcotics, are tasteless and harmless. Mrs. Joseph Callender, Holyoke, Mass., says:—"I have used Baby's Own Tablets for my children and find them a very satisfactory means of giving a child that liquid medicine. I recommend the Tablets to all mothers who have small children and believe they should always be kept on hand."

Baby's Own Tablets are sold by all medicine dealers or will be sent by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Entertain in London

Hon. P. C. Larkin and Mrs. Larkin Receive Notables at Dinner Party

Hon. P. C. Larkin, Canadian high commissioner in London, and Mrs. Larkin gave a dinner party recently at their residence at Lancaster Gate. Among the guests were: Hon. Alanson B. Houghton, United States ambassador to Great Britain; and Mrs. Houghton; Rudyard Kipling and Mrs. Kipling; Right Hon. J. H. Whitley, speaker of the House of Commons, and Mrs. Whitley; Hon. J. MacNeill, high commissioner for the Irish Free State in London; and Mrs. MacNeill; Right Hon. Austen Chamberlain, British foreign secretary, and Mrs. Chamberlain.

—Marjorie: "Dorothy is not very clever, is she? The cakes she served at yesterday's tea were as hard as rocks."
—Anita: "You bet she's clever; her husband's a dentist!"

Exclusive Patterns
by Hazel Bryan

Frocks That Have Made Themselves Very Popular

Simple enough for street wear—and charming enough for bridge or dance! Fashion still smiles upon these simple frocks, both of which were fashioned from one pattern. The little frock of flowered material has two side panels trimmed with narrow lace, and then shirred onto the one-piece foundation at the raised waist-line. The round neck and short kimono sleeves are finished with the narrow lace, and a ribbon of pastel color ties in long ends at the back. A bordered material was used with charming effect for the plain frock, which opens at the neck with flat revers and has long sleeves gathered into a narrow band. No. 1166 is in sizes 16, 18 and 20 years (or 34, 36 and 38 inches bust). Size 18 years (or 36 bust) requires 2½ yards of 36-inch material. For side panels ¾ yard extra material, and for long sleeves ¼ yard. Price 20 cents.

Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dressmaker. Price of the book 10 cents, the copy.

Radio Plays A Great Part In Keeping The Western Farmer In Touch With World At Large

The popularity achieved by radio in Canada is as great as it is to be found in any other country and evidence that it is most. The general adoption and rapid expansion are but further indication of Canada's position in the forefront with those countries developing along modern lines, and bending attention to means to progress. Radio has sensationally swept over the country, engulfing all sections of the Dominion, and entering most intimately into the country's commercial, business and social life. In its peculiar relation to certain phases of Canadian life radio would seem to have imparted greater benefits than elsewhere.

Radio licenses were issued by the department of marine and fisheries during the twelve months ending March, 1925, to 91,996 persons. Ontario led all provinces with a total of 41,847, followed by Quebec with 18,711. Registrations in other provinces were: Saskatchewan, 9,303; Manitoba, 6,552; British Columbia, 6,409; Alberta, 6,343; Nova Scotia, 3,772; New Brunswick, 1,249; Prince Edward Island, 163; Yukon and North West Territories 17. Licensed broadcasting stations in the Dominion numbered 51 at the end of the year.

The number of licenses issued in the western prairie provinces is striking. According to the sales manager of a leading company, the west is Canada's best radio field, and prairie farmers buy more sets than any other class of people. "Radio is playing a great part in the life of the Western Canadian farmer and he is finding increasing benefits in it every day. Constantly in touch with the big centres of the continent, he has instantaneously the latest market reports within the diversions of office can be brought at will to his isolated home. In the war and immediate post-war years the general adoption of the automobile in Western Canada did a great deal to revolutionize the life of the Western Canadian farmer, and now the same sweeping progress of the radio has further lessened any disadvantage he may be expected to sustain by reason of his position and imparted something unique and pecuniarily enjoyable in the way of alone learning.

Cattle Plague Is Spreading In England

Famous Warrimoor Fair Cancelled For First Time In 400 Years
The Prince of Wales may have to abandon his fox hunting this season owing to the spread of foot and mouth disease and public interest in the epidemic, which is affecting 13 counties, centres on this feature.

Hunting is not allowed in the affected areas because it is believed that horses and dogs carrying contamination carry the infection with them. Officials of the ministry of agriculture are investigating a theory that automobiles are also carriers of the disease. They believe that mud-covered automobiles which spread the cattle scourge, especially machines arriving from the continent, where the disease is prevalent.

Several cattle shows have been abandoned. Including the famous Warrimoor fair in Wiltshire, which has been held each year without interruption for 400 years.

Good Outlook For Fat Cattle

Market Can Always Be Found For Choice Animals
Prospects at the present time appear promising for Alberta farmers who intend to feed best cattle during the coming winter, in the opinion of F. Burns, veteran cattleman of that province. Farmers who have an abundance of food, states Mr. Burns, cannot make better use of it than by buying a number of good feeders and finishing them at home, as there will always be a market for choice best animals.

And in Japan beef is bought by the yard. And maybe they will be better than none.

Ancestry is a good thing to brag about if you haven't anything of more recent occurrence.

W. N. U. 1925

A National Apple Week

Fruit Growing Becoming One of the Chief Industries of Canada
In an address in connection with National Apple Week, held in Canada the week of November 12, G. E. McIntosh, Canadian Government fruit commissioner, said in part:

"The outstanding commercial fruit of Canada is the apple, which has secured high honors in many international competitions. At the Imperial Apple Show held in England, 1923-24, Canadian apples won 49 first prizes, and in 1923 and 1924 the Canadian grown McIntosh Red was judged the best dessert apple in the British Empire."

Adequate and acceptable supplies of fruit are essential to the well-being of the community. Fruit growing is becoming one of the chief industries in Canada and the most important kind of fruit grown is the apple, which by common consent is known as the king of fruits. This is due, no doubt, to the fact that Canada produces the best flavored, most highly colored and longest keeping apples in the world. The apple may be grown successfully in commercial quantities over an immense area of Canada so great in fact that it is well planned to apple trees the product would be sufficient to supply the markets of the world. The crop of apples to be harvested this year is estimated at approximately 15,000,000 boxes, and the extent of the industry may be gathered from the following facts:

1. Over 200,000 acres of land are devoted to the production of apples.
2. Over 7500 railway cars are required annually to market the commercial crop.
3. An estimated value of \$320,000,000 is placed on Canada's apple orchard.
4. The annual crop contributed approximately 100,000,000 to the railway earnings of Canada.
5. This year's crop of apples is estimated as liable to return to the growers \$1,000,000.

Poultry Shows

Two Dressed Poultry Shows to Be Held At Saskatoon and Regina
Saskatchewan is putting on two dressed poultry shows, one at Saskatoon, December 3, and one at Regina, December 1.

Excellent prizes are offered and the feature of the two shows will be that a special car will be in waiting at Saskatoon, December 2, and immediately the show is over the birds will be loaded into the car which will proceed to Regina, arriving there just as the Regina show is concluded, pick up their birds and at once proceed to Montreal, where already certain firms have arranged to feature Saskatchewan exhibition poultry for the Christmas trade. It is expected that there will be about 2,500 birds in the car. Three years ago when the dressed poultry show was started at Saskatoon, one show case, six feet long, contained all the birds offered for exhibition.

Professor Baker, of the university, and W. Waldron, of the department of agriculture, Regina, have the grading, packing and shipping of the car in charge.

Demonstration Farm Crop

The provincial demonstration farm at Clarksburg, Alberta, reports a fifty-acre crop of wheat yielded 2,900 bushels, an average yield per acre of 58 bushels. The seed was from the first generation Marquis and sweet clover was seeded with it. No part of this land was summerfallowed in 1924. Twenty-seven acres was on broom sedge, which had produced a crop of hay in 1924, and was ploughed down in the summer. The remaining twenty-three acres was corn land. Lethbridge, Alberta, Herald.

Canned Goods From Coast Province
The Occidental Fruit Company is shipping from Kitimat on an average two cars of canned goods daily to prairie points, as well as four cars of fruit and vegetables, and the latter including export shipments of apples to Great Britain and New Zealand from Sumasht and Penticton about two cars of fruit and vegetables daily.

Erecting Huge Radio Station

A gigantic radio broadcasting station is being built at Rugby. The 15 giant masts will be one and a half miles long and a half-mile wide.

No Need Of Exaggeration Or Misrepresentation To Attract British Settlers To Canada

Triumph For Alberta Butter Wins First Prize and Gold Medal At London Dairy Show

The greatest triumph yet scored by Alberta creamery butter in competition was recorded recently, when it was announced from London, England, that an exhibit of Alberta creamery butter, salted, made in the plant of the F. Burns Company, at Edmonton, had won first prize and gold medal in the colonial section of the London dairy show, one of the largest shows of its kind in the world. This means that this exhibit from Alberta, stood ahead of all other exhibits from other parts of the British empire, not including British Isles.

Two other exhibits from Alberta, made from the plant of the Woodland Dairy at Edmonton, and the Inverfall Creamery, were given high commendation in the show. The first prize in the unsalted butter section went to the Co-operative Creameries of Regina, Saskatchewan.

In the colonial section of the show, Canada won four out of the six prizes offered for empire-wide competition, and Western Canada took three out of the six. This means that Western Canada creamery butter is recognized in the most discriminating market in the world, as the highest quality of butter produced in any of the British dominions.

The exhibits from Alberta in the dairy show were made under the auspices of the dairy branch of the provincial department of agriculture, which gave substantial assistance to the exhibitors in enabling them to make the exhibit overseas. It is the first time that Alberta has exhibited in the London show, and it is regarded as a unique triumph for the Alberta dairy industry that the gold medal came to this province, even beating out in competition the famous New Zealand dairy butter, which it made under similar perfect conditions.

Naturally, there is considerable elation among Canadian dairymen over the fact that Alberta butter has scored so highly. The grading systems in effect in the province have had considerable to do with the rapid improvement of quality of the butter manufactured in the plants in Alberta, and with this latest triumph, Alberta butter is likely to be more in demand than ever in the British market, where last year a considerable quantity was sold.

Advertising Creates Demand For Fish

Publicity Campaign of Last Few Years Produces Results

"If every Nova Scotia fishing boat and every Nova Scotia fisherman were to work the full limit of their capacity for the next six months they would be unable to supply the demand that had been created as a result of the intensive newspaper advertising campaign that has been carried on by the fishing industry," declared Arthur Boutillier, president of the Canadian Fishermen's Association, addressing the Rotary Club on "National Fish Day." Mr. Boutillier gave the club a brief history of the advertising campaign started some years ago by the fishing industry of Canada, and which, he said, had created an unprecedented demand for fish food in Canada.

Britain's Egg Import Bill

Last Year Amount Ran Over Seventy-seven Million Dollars

The London Daily Mail is carrying on a campaign to reduce the big British egg import bill. Last year the bill for eggs imported into Britain was approximately \$77,500,000. This vast sum represents 2,500,000,000 eggs.

During the last few years there has been a notable increase in the number of laying hens kept in Great Britain, as well as a marked improvement in their breeding and rearing.

Millions of Canadian eggs go to Britain every year, and are likely to be in demand there for many years to come.

A party of British newspaper correspondents and editorial writers recently toured Canada as guests of the president of the Canadian Pacific Railway, and have now returned to the British Isles freighted with a volume of impressions gathered in the course of a most complete and exhaustive investigation of Canadian life.

The members of the group were specially appointed by the most important and influential of the journals of the British Isles and are all experienced, hard-working, and conscientious journalists with the facilities of observation and analysis acutely developed. The papers they represent in a very adequate manner cover the United Kingdom. Their arduous literary work into every section of Canada and furnished opportunity to penetrate into all the channels of Canadian activity.

The party was given an unique chance to briefly but adequately observe Canada at work and play and to sum up the total of the life of the country and estimate its opportunities and possibilities. Men of the calibre of these journalists, trained in the arts of analysis and expression, should be able to make the most of such a visit. The people of the British Isles should welcome their impressions and Canada should materially benefit from the results of their disquisition.

Along certain lines Canada has of late suffered severely in the British Isles based on the unfortunate experience of a few Britishers who from one reason or another proved untrustworthy. There has been too great a tendency to generalize from these stray examples and to overlook the overwhelming outweighing evidence on the other side. On practically all phases of Canadian life there exists the widest and vaguest impressions which distance and total dissimilarity of conditions render it most difficult to realize.

The British Isles are in constant and urgent need of information on Canada which its people can feel assured is authentic and free from bias. This should be to some extent met by the work of these newspapermen trained through years to observe and express accurately and clearly, and given peculiar opportunity to see into the workings of Canadian life. Canada has not the slightest apprehension over the conclusions they reached. It can not be too strongly or too frequently reiterated that Canada has not the slightest need of exaggeration or misrepresentation. All she keenly desires to assure her own future development is to be adequately known as she really is.

Many Entries For Dairy Show

All-Canada Competition Takes Place In Winnipeg This Year

The all-Canada dairy show, which will take place in Winnipeg, February 9-12, in connection with the Western Canada Dairy Convention, is already attracting entries from creameries all over the Dominion. Out of a total of 84 already received, Alberta has 25, Manitoba 14, Saskatchewan 9, British Columbia 5, Nova Scotia 3, Prince Edward Island 4 and Ontario 4. The all-Canada competition was first instituted by the Manitoba Dairy Association and has been held in a different city each year. The forthcoming event will take place under the auspices of the Manitoba Dairy Association and the Dairy Manufacturers' Association.

U. S. Chicken Population

The chicken population of the United States is placed at 400,000,000 by the department of agriculture. This number, the department adds, would make a procession of chickens 100,000 miles long and they could lay enough eggs each year to reach from the earth to the moon and back again.

Turkey Buzzards in B.C.

Bird lovers at Victoria, B.C., have been thrilled by the appearance over the city of between 150 and 200 turkey buzzards. Many say they have never before seen so many turkey buzzards in the southern states and are seldom seen so far north, especially in such numbers. Naturalists are at a loss to explain their presence here.

LIVE COMMENT ON SITUATION AT THE CAPITAL

Ottawa.—The political atmosphere will not clear until parliament assembles on December 10 or, such subsequent date near that as the election formalities may prescribe. The premier and Mr. Graham, the two defeated ministers who will seek re-election, will not do so until parliament meets and the inevitable showdown discloses the relative strength. While Mr. King's supporters were practically unanimous in counselling the course of the government facing parliament, the decision of the premier not to seek personal re-election meanwhile has not met with quite the same endorsement. Some express the opinion that he should be there at the start, as he could be, but this would necessitate following a course which, in 1921, the prime minister criticised Mr. Meighen for pursuing. If Mr. King wished to avail himself of the Quebec vacancy the objection would be surmounted but apparently it is his design not to go to that province.

The presumption is that parliament will wait to end the suspense with as little delay as possible. When the house meets the government's position will be promptly challenged. A day or so of debate, participated in by a few leaders, should suffice as a preliminary to the test vote. Afterwards, an adjournment might be made, whatever the outcome. Parliament will not hang around for Christmas and New Year's, but come back in January and go ahead with its business. With the question of supremacy settled the seasonal programme will be very light and confined to essentials. The situation will permit of little else. The desire for another general election is not pronounced, and supporters of the government may cause it to be deferred far, but at the present the prevailing view is that a renewed appeal to the country within a very short time is inevitable.

Nation-Wide Smuggling

Believe Merchandise Is Being Smuggled into Canada in Large Quantities

Montreal.—Montreal and Toronto retail merchants believe there is a real menace a nationwide ring of merchandise smugglers, who, ignoring the Canadian tariff gate, are responsible for the mysteriously increasing supply of foreign-made goods with which they say Canadian merchants have to compete in the domestic market. "This is one of the most vital matters that ever confronted the businessmen of Canada," said Mr. Lapointe, secretary of the Retail Merchants' Association. "It is a challenge to the whole fabric of legitimate commerce and to the efficiency of our tariff protective system."

Heavy Sentence For Bandit
Nelson, B.C.—Eight years in the penitentiary and 20 lashes was the punishment given John Joseph Crawford, a Creighton bank robber, by Judge J. A. Fortin in county court here. Ward and a companion held up the Imperial branch at Creighton October 21 and secured \$5,000. Ward was captured late in the day and \$2,700 of the stolen money was found on him. Ward's companion escaped.

Alberta Redistribution Problems
Edmonton, Alta.—Alberta redistribution problems are again being grappled with by the legislative committee of which J. N. Johnson, M.L.A. for Coronation, is chairman. Members of the committee are going into the question, with a view to deciding on some scheme for the readjustment of the provincial seats.

Walked Across Canada To Find Work
Vancouver.—After walking from St. John, N.B., to winter in Vancouver, Mr. and Mrs. Harry Goodgood are now wondering how much further they must trudge before they can find work as cooks, their chosen calling. The couple plan to commence a return hike across Canada next spring.

Was Author of Famous Poem
New York.—Hugh Antoine D'Arcy, famous author of "The Face on the Bar-room Floor" poem, died here of heart disease. He was 82 years old.

Proposes To Reduce Army

France Will Make Statement After Locarno Treaty Is Signed

Paris.—As soon as the Locarno treaties are signed at the Locarno conference, the French government proposes to make a statement of reduction of armament which will leave France as disarmed as Germany. It probably will be announced between the signing on December 1, and the meeting of the League of Nations disarmament committee at Geneva, December 8.

The French committee of national defence under President Paul Boncour, the Socialists, already has discussed a reduction of the army and navy with the staffs of these, and if the present radical government refuses its power it will empty the barracks in France and leave a standing army only big enough to handle the colonies, these being largely native troops.

The French wish to set an example at Geneva and give the League of Nations the credit. Hints of possible disarmament conferences at Washington have always been received coldly in France and the speed with which the French are preparing to announce their disarmament is an oblique sign, at President Coolidge's suggestion.

Taking Great Airman Home For Burial

Body of German Ace Removed From France to Berlin

Berlin.—Baron Manfred von Richthofen is coming home. From his rest in France beneath the earth which was decorated with the death of chivalry he is being brought back to Berlin for a military funeral before burying him here.

Capt. Baron von Richthofen was killed in battle fighting two British planes, while three millionaires more than twenty of his comrades were fighting about an equal number of British birdmen. The German ace was buried by his British foe with the most impressive ceremonies near the little town of Sully in Sax, in Northern France.

Six British officers acted as his pall bearers. As the coffin was lowered into the ground great numbers of British planes whirled overhead, the drone of their engines forming the accompaniment to the words of the British clergyman who spoke the Church of England service.

Britain's Heavy Task

Carrying the White Man's Burden in the Near East

Montreal.—Speaking on the development of the Near East under British rule, or through mandates from the League of Nations, Sir John J. Fisher, Bart, member of the British House of Commons for Wimbledon, Surrey, before the Canadian Club, emphasized that Great Britain was in oriental lands "by force of circumstances and the will of God." He outlined the tremendous improvements in government and in ordinary life under British jurisdiction, and indicated that the British people regarded the task in the Near East as part of the mission of civilization and as a portion of the "white man's burden." Results justified the empire's effort.

Soviets Remove Restrictions

Communists May Now Inherit Fortunes Without Limit

Moscow.—The Soviet Government made a distinct departure from doctrine of pure Communism by annulling the law which set the legal limit for inheritance in Russia at \$5,000. Henceforth Russians may inherit fortunes without limit.

In spite of the government's severe opposition to private trade, many Russians in recent years have accumulated fortunes but have withheld them from investment in industrial enterprises, the government thereby losing the benefit of active capital. It is to remove this condition that the new measure was introduced.

Second Largest Wheat Yield
Ottawa.—Canada's total yield of wheat, now provisionally estimated in a crop report issued by the Dominion bureau of statistics at 422,227,000 bushels, is the second largest on record for the Dominion. The previous high total was 414,129,000 bushels in 1925.

Was Elected President

E. Garrett, of The Signal, Watrous, Sask., who was elected President of the Saskatchewan Division of the Canadian Weekly Newspaper Association at the recent convention held in Regina.

Saskatchewan C.W.N.A. Meet

Good Attendance at Ninth Annual Convention in Regina

The Ninth Annual Convention of the Saskatchewan Division of the Canadian Weekly Newspaper Association was held at Regina, on Thursday and Friday, Nov. 5 and 6, and was an unqualified success. A large representation of members attended from every corner of the province, and the business sessions proved most helpful. The delegates received an official welcome from Mayor Mason, who handed over the keys of the city. The Saskatchewan Co-operative Wheat Producers gave a luncheon at noon on Thursday, and in the evening the editors were the guests of the Leader Publishing Co. at a dinner. Later the delegates attended a theatre party as the guests of the Toronto-Tyke Foundry Co. On Friday at noon the Saskatchewan Co-operative Elevator Company entertained at a luncheon, and in the evening the Weekly Newspaper Association gave a banquet, having among their guests Premier Dunning, Hon. S. J. Letts, Mayor Mason and other prominent citizens of the city and province.

At the closing session on Friday, officers for the ensuing year were elected as follows: Hon. S. J. Letts, Prairie News, Goran, honorary president; E. Garrett, Signal, Watrous, president; W. O. Richmond, News, Maple Creek, vice-president; E. J. Dornan, Despatch, Alameda, secretary-treasurer; James McDonald, Courier, Unity, was elected honorary vice-president. The following executive committee was elected: C. E. McIntosh, News, North Battleford; T. S. Dornan, Despatch, Alameda; T. S. McCullough, Review, Weyburn; T. E. Scrier, News, Wolsley; C. H. Ash, Gazette, Birch Hills; and E. N. Carter, Press, Wilkie.

Will Give Three Scholarships

Four Years' Tuition at McGill Offered by C.P.R.

Montreal.—Announcement is made from the office of the vice-president of the Canadian Pacific Railway here that three free scholarships, covering four years' tuition in architecture, chemical, civil, mechanical or electrical engineering at McGill University are offered subject to competitive examination to apprentices and other employees enrolled on the permanent staff of the company and under 21 years of age, and the minor sons of employees.

Unpleasant Immigrants

Would Tighten Restrictions to Prevent Entry of Hostile Wits

Ottawa.—Loopholes in Canada's immigration barrier are allowing half-wits and sub-normal mentalities to slip into the Dominion and become absorbed in the population, according to a resolution which was framed at a session of the Canadian Education Association, and which the association will be asked to endorse.

The resolution, which was proposed by R. H. Cowley, of Toronto, a leading educational authority, asks the Federal authorities to tighten its immigration restrictions.

Make No Announcement

Winnipeg.—At the conclusion of the twenty-second session of the directors, executive and members of the prairie wheat pools here, A. J. McPhail, Regina, the chairman, said the business had been purely routine and that there was no statement to give out. "It was simply a get-together and a round table conference," he said.

Alberta Rhodes Scholar

Edmonton.—Clarence Sutherland Campbell, B.A., of the University of Alberta, an Edmonton man, has been awarded the Alberta Rhodes scholarship for 1926.

Ready For Call

Cairo, Egypt.—Turkish reservists on the Bagdad Railway in Northern Syria have received orders from Amara to hold themselves in readiness for a call to the colors.

Well Known Architect Dies In St. Louis

George Raby Served on Board Which Drew Plans For Old Parliament Buildings at Ottawa

St. Louis, Mo.—George Raby, one of the architects who designed the Canadian House of Parliament destroyed by fire at Ottawa during the war, died Nov. 30 of infirmities attendant upon advanced age.

The dean of St. Louis architects, as Mr. Raby was known, celebrated his 96th birthday on October 19 last. Born at Manchester, Eng., the super-builder was educated in the Old Country and emigrated to Canada in 1880. He resided in the Dominion for eight years and was called to serve on the board of architects which drew the plans for the old Parliament buildings at Ottawa. Mr. Raby later moved to Quincy, Ills., being the builder of the mammoth Burlington railroad bridge there.

Honor Brave Men

Street in Winnipeg Is Named Valour Road in Honor of Three Heroes

Winnipeg.—Three deeds and brave men were honored here in the dedication of "Valour Road," formerly called "Pine Street," on which three heroes, two of whom gave their lives for their country, and all of whom gained the highest military award—the Victoria Cross—lived before the war. The men honored were: Sergeant-Major Frederick W. Hall, Captain Robert Shankland, and Sergeant Leo Clarke. Captain Shankland was the coveted hero in 1917 at Gassan, in the staffed ridge, in front of Passchendaele. Sergeant Clarke, at Pozieres ridge in 1916, and Sergeant-Major Hall in the memorable battle of Ypres. Clarke and Hall were killed in action, the latter while rescuing a wounded comrade.

Most of Grain Now Threshed

Threshing in Saskatchewan Is Rapidly Nearing Completion

Regina, Sask.—Over 85 per cent. of the threshing is completed in Saskatchewan as a whole, but about 25 per cent. of the grain remains to be threshed in the southwest part of the province, according to telegraphic reports received by the statistics branch of the provincial department of agriculture. Practically all the grain has been threshed in the southeast. Very little grain will remain unthreshed at the end of this week if the present favorable weather continues. Work on the land ceased the third week in October with the coming of the freeze-up in most districts. No shortage of labor has developed, threshers experienced little difficulty in finding men to complete their crews.

Fix Indemnity For Invasion

Greeks Should Pay Bulgaria About \$10,000, Is Decision of League

Sofia.—The special commission sent to the Macedonian frontier to estimate damages caused by the Greek invasion of Bulgarian territory and the occupation of Petrich and ten surrounding villages has fixed upon 31,000,000 leva as indemnity. Official information has been forwarded here by the committee, which will report details of the damages to the League of Nations. (A leva normally is worth about .19 cents, but under the present rate of exchange its value is slightly less than one cent.)

Asked Germany For Answer

Reply to Allies Latest Note Delivered in Rush

Berlin.—Germany's reply to the latest allied plan for disarmament was delivered at Paris at midnight following an urgent telephone message from Ambassador Hoesch saying that unless there was immediate delivery the alteration of the Rhine situation (evacuation of Cologne, chiefly) desired by Germany, would not materialize. (The allied note was in the nature of a final cleanup of the disarmament problem calling attention of Germany to certain disarmament desires still entertained by the allies.)

Launch Owners Lose \$400

Vancouver.—Four boatmen in comply with customs regulations when she entered Canadian waters, owners of the Seattle gasoline speed launch, Jack M. 286, have forfeited a \$400 deposit paid when the craft was released from custody.

Sancting of highways in the United States is advancing at the rate of about 40,000 miles a year.

Tide of Christmas Traffic Flows East

1. Typical Christmas scene in Montreal. 2. Sleigh of Eastern Dog Derby in Quebec. 3. Sledging and skating in winter.

Ever since that time, some years ago now, when the West was discovered by the East as the most likely place to amass a fortune in the briefest possible time, and the simple words, "Go West, young man!" were the best advice a parent could give a son, well, ever since that time, the young man who heeded the advice has been coming back East at least once a year, and that once is generally Christmas.

Perhaps the young man has amassed no great fortune; perhaps he has; and perhaps again he has fired rather ill, but in any event he usually finds that, as Christmas draws near, recollections of his childhood, his Christmas stockings, the tree at home, the plum-pudding in the turkey and cranberries, constitute too powerful a memory to negate. And because these recollections are so potent, transportation companies operate special services to handle what they call the Christmas traffic.

This year the crop has been extremely good; money will be more free in the West than for some time past. The season's work is done and the Westerner will have lots of time on his hands. If he has few financial worries he may spend quite some time in the East; there is much to attract him. There is the social life in the big hotels, where all is luxurious comfort; winter sports such as hockey, skiing, skating, sleigh riding and tobogganing to indulge in, or to watch, if he so prefers, the round of the theatres to make, where he will hear the tunes that will be popular for the year, or see the plays that will be discussed at most civilized dinner tables.

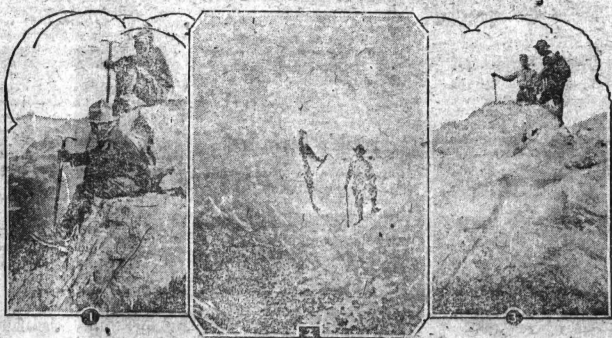

and if he has brought friend wife, there are the shops to visit, though many a man has found this a costly pastime, more so perhaps than poker or the races.

However, from every angle, the season in the East is rich and pleasant. That side of the continent is a magnet for holiday seekers and it is at that particular time that the ancient proverbial reclaim their nose, if only for the briefest of visits. This year it will have visitors galore.

The Canadian Pacific Railway announces that many inquiries and requests for reservations have already been made at their agencies throughout western Canada. This would indicate the likelihood of a huge volume of traffic moving in an easterly direction this December. A portion of it will no doubt move straight through to the British Isles and the Continent, as many settlers are originally from those places. The Canadian Pacific will run special trains from all western centres, connecting directly with their Atlantic liners, sailing from the winter port of Saint John, N.B., to all the larger ports in northern Europe.

But the great portion of the traffic will be pointed for Eastern Canada and the company will facilitate its movement by offering special train services and special tourist cars that will obviate the necessity of change at any point along the route, and further than this, special excursion rates will be given. These conditions will prevail from December 5th to January 5th, and will be effective from all stations in Manitoba, Saskatchewan and Alberta.

Breaking New Ground in the Rockies

(1) Surveying the Glacier from a neighboring peak. (2) Paul McIntyre, 17-year-old son of J. B. McIntyre, of Providence R. I., with the Swiss guide Chris Haessler, entering the newly discovered ice cave on the Illclicwest Glacier at Glacier House, C. O. (3) The summit of the Illclicwest Glacier.

The frozenness of the Rockies abound in virgin territory never touched by the foot of man and one of the latest of these to be traversed is the Illclicwest Glacier where a new ice cave has been discovered this year of which the photo above gives a good idea. It was found by Chris Haessler, one of the Swiss guides stationed at Glacier House, C. O., and the ascent to it was made in September by 19-year-old Paul McIntyre, an annual visitor with his family to Glacier, the guide and W. J. Oliver of Calgary. Mr. Oliver describes the adventure as follows:

"It was a glorious day, Mount Sir Donald was crowned with a circular cloud like a halo; the vegetation was at its peak and with the early morning dew the valley was filled with a delightful fragrance. After walking through massive timber we gradually emerged into poplars, brush, and on to the tongue of the Glacier. Here were the headwaters of the Illclicwest River winding its way down the steep valley from this huge Glacier. Our progress from this point was somewhat slower, our good trail had been left far behind; the first 1,500 feet was over rock and moraine, crossing freshets and miniature waterfalls from the ice above. As soon as we reached the ice we adjusted the crampons to our feet, these crampons are made of iron and are similar to a

small bobsleigh each having 12 spikes distributed evenly over the surface and about 1 1/2 inches long.

"Travelling along these huge crevasses is very thrilling, at times there was only a walking surface of 2 feet and on either side of this narrow ledge of ice were drops from 1,200 feet. Chris Haessler the Swiss Guide led the way and roped to him was Paul McIntyre and self. Our course over the ice field was continually brought to a halt on account of a huge gulch in the ice being too wide to cross, we would then have to travel either up or down until our guide could locate a place narrow enough to cross. Finally we located the ice cave after travelling along the base of one of these huge crevasses, it proved to be 10-feet high and 20 feet long, the sides were so worn like the sands after an ebbing tide and with the strong light of the sun coming in at its entrance these pieces of jutting ice sentillated like huge diamonds. Right in the centre across the valley, framed by this wonderful oval were stood the Swiss Peaks and Mt. Hemitt.

"Leaving here we travelled on to the ice crease near the top of the Glacier and it made the unaccustomed stand in awe to see the Swiss Guide and Paul McIntyre run around these ice columns and up and down the side of their steep ice banks like children at play."

The Vitamin-rich Food-tonic
It's Cod-liver Oil Pleasant to Take

WORLD HAPPENINGS BRIEFLY TOLD

Reports being prepared by J. D. Soper on Canadian expeditions to the Arctic, will be complete in 1926.

Rev. John Carver, 64 years of age, son of John Carver, Toronto, has been elected mayor of Oxford.

H. J. Browne, meteorologist of Washington, D.C., predicts 1926 will be a year without a summer with agriculture almost impossible.

The new Canadian Red Cross Hospital was formally opened at Repulse, Ont., by Hon. Lincoln Glavin, provincial secretary.

More than 400,000 people travelled by water between Canada and the United States during the year ending June 30th, research bureau shipping board records reveal.

A memorial tablet to the late Sir Williams Prior was unveiled at the Armistice memorial service held in St. James' Anglican Church at Kenosha, Nov. 8.

With the 1925 season of navigation nearing an end, statistics compiled at the port of Quebec show that 75,285 passengers were landed up to Nov. 7, bound for Canada and the United States.

Sir Horace Rumbold, British ambassador to Madrid, will head the commission of the League of Nations, which will inquire into the reasons for the fighting between the Bulgars and the Greeks recently.

The Manitoba Paper Company will spend \$2,000,000 in new equipment and transmission lines following successful negotiations for supply of power to the Manitoba Pulp and Paper Company mills at Fort Alexander.

The "death ray" inventor can make money come from beams of light. Sir Orin Matthews has shown how his luminescence works. He also has a device for advertising in colors in the clouds.

After working on his invention for sixty years, John Smith, engineer of Winnipeg, claims to have perfected a "stationary engine capable of controlling and producing its own, self-manufactured power." It has a "perfect" model on demonstration.

Remember there is a limit to human endurance. The friend who stands up for you may tire in the course of time and all down.

Forty Years' Experience

Alport, Ont.—"I have much pleasure in testifying to the efficacy of Dr. Pierce's Golden Medical Discovery which I have used in my family of nine children for over forty years. I have no hesitation in pronouncing it to be the best proprietary medicine of which I have any knowledge for building up the body and keeping it in good order. If taken according to the directions together with Dr. Pierce's Pleasant Purgative Tablets, I am convinced that there is no better tonic. I have been treated also by the Medical Staff at Dr. Pierce's Invalids' Hotel and I have had no return of the trouble since that date (1910) which proves the thoroughness of their treatment."—H. F. Beckmore. All dealers.

Write Dr. Pierce, Pres. Invalids' Hotel, Buffalo, N. Y., for free medical advice.

SUNDAY SCHOOL LESSON

NOVEMBER 22

PAUL BEFORE FELIX

Golden Text: Hebrews 1 also ascribes myself to have a conscience void of offense toward God and men. Acts 24:16.

Lesson: Acts 23:1-24:37.

Devotional Reading: Psalm 36:1-17.

The Text Explained and Illumined

The Case Against Paul Presented by Tighellus, verses 1-9.—The Historical Background.—Tighellus had charged Paul's accusers to appear against him before Felix. Within five days the high priest Ananias with a deputation from the Sanhedrin arrived in Caesarea. Paul was summoned for trial. Tertullus, the advocate whom the Jews had engaged, presented their case against him. After fulsome words of flattery to Felix, even expressing gratitude for his reforms, Tertullus accused this pestiferous fellow of three things: inciting disturbances among the Jews throughout the Roman Empire—an offense against the Roman law; being the leader of the sect of the Nazarenes—an offense against the law of Moses; and defiling the temple—an offense against both the law of Moses and the Roman law, since the latter protected the Jews in their worship. When Tertullus concluded his speech, the deputation of Jews sympathetically endorsed all that he had said.

"We all abhor flattery unless it be to us or from us, and then we call it by another name" (John A. shield).

Drives Out Rheumatism Subdues Lumbago

Brings Ease and Comfort to the Sufferer at Once

NERVILINE

A King Over Pain

Those who seek permanent relief from the grinding pain of Rheumatism and Lumbago should read the letter of F. E. Normand, from Georgetown, who writes:

"I was fairly crippled with aching joints and Rheumatism. Nerviline must have been what I needed, because it cleared up my trouble quickly."

"If you need a reliable, strong, penetrating pain remedy, one you can depend on, get a 35c bottle of Nerviline to-day. It will make you well quickly."

Big Stamp in Shipbuilding

Industry Suffers Most Decided Drop Since Great War

Shipbuilding throughout the world suffered its most decided slump since the war during the last summer, the department of commerce announced recently.

Reports for the third quarter of 1925, ended Sept. 30, received from Lloyd's Register, showed a drop of more than 150,000 tons.

Motor vessels declined 40,000 tons during this period, construction of other classes of ships, it was stated, has been decreasing steadily.

Construction in this country dropped 22,000 tons, while the decrease in Great Britain and Ireland was reported to be 84,000 tons. The largest decrease was reported from Germany with a 100,000-ton drop. France declined 19,000 tons and Denmark 7,000 tons.

Italy and Holland showed the only increases in work started during this period.

Advance in Medical Science

Toronto Doctor Announces New Serum For High Blood Pressure

A serum which may reduce the morbidity of high blood pressure, was described by Dr. E. H. G. Starr, of Toronto, Canada, in an address before the clinical congress of the American College of Surgeons, Philadelphia.

Dr. Starr said that William J. McDonald had been working on the serum in the research laboratories of the University of Toronto for some time, but that it had not yet reached a point to permit a detailed description or an optimistic statement of its probable efficacy. He said the serum was a liver extract. High blood pressure, he explained, usually was due to hardening of the arteries, which is induced by an inflammation, possibly of serum origin.

She: "My father gives me a dollar every birthday. I have now eighteen."

He: "How much does he still owe you?"

Prevent Grippe with Minard's Liniment

A Western Editor M.P.

Cameron R. McIntosh, B.A., Liberal member for North Battleford, is the only editor which Western Canada is sending to Ottawa.

McIntosh publishes three weekly newspapers, The North Battleford News, The Turf and Record and the St. Walburg Times. Mr. McIntosh has been an active member of the Saskatchewan Press Association since it was first formed, and on the executive since it had an executive, serving several terms as president. He was one of the Saskatchewan editors who went over to the European continent with the Canadian Weekly Newspaper excursion in 1924 and were honored in most of the capitals of Europe, and entertained by royalty in Great Britain and Belgium, and by Marshal Poch in Paris. He is an enthusiastic Canadian Club member, organizer and first president of the Canadian Club of the Battlefords, and for two years represented Saskatchewan as vice-president of the national executive of the Canadian Clubs of Canada.

There is no poisonous ingredient in Holloway's Corn Remover, and it can be used without danger or injury.

May Be Important Discovery

Cancer Scourge Is Sured By Lead Says Liverpool Professor

Selecting a member of the Toronto Academy of Medicine for an announcement of world-wide interest to the medical profession and victims of cancer, Prof. W. Blair Bell, of Liverpool University, and honorary director of the Liverpool Cancer Research Institute, told leading physicians of the city of the successful treatment of the dread disease by the chemical agent, lead.

He cited several instances in which remarkable success had been achieved, and assured the members of the academy that 60 per cent of patients were believed to be well, out of about 200—mostly hopeless cases—treated.

Nation-wide Fame.—There is scarcely a corner of the great Dominion where the merits of Dr. Thomas' Electric Oil have not been tried and proved. It is one of the world's most efficient remedies for sore throat, lame back and many other ailments arising from inflammation. Rubbed on the skin its healing power is readily absorbed, and it can also be taken internally.

Walking Stick Farms in England.—Walking stick farms are not uncommon in England. To obtain a right angled handle, the growth is pegged down along the ground, and from this reclining stalk the sapling shoots upward vertically.

She Could Hardly Do Her Housework Nerves Were So Bad

Mrs. I. M. Parke, Coasecon, Ont., writes:—"I had a very nervous trouble, and became so short of breath I could hardly do my daily housework, and was so nervous I could not think of staying alone, as every little sound I heard felt like a shock to me."

I saw recommended, so I tried a box, and after taking the second one I am now feeling like a different woman."

This preparation has been on the market for over 32 years and has achieved a wonderful reputation for the relief of all heart and nerve troubles.

The Touring
Car

The Improved Ford Touring Car

AN all-steel body on the improved chassis, with a new top designed to harmonize with the reduction in height, gives the Touring Car a grace and smoothness heretofore unapproached.

Advances in comfort have kept pace with improvements in design. Placing the fuel tank under the cover has made it possible to lower the seats, giving greater leg room and added comfort for driver and passenger. Ventilation and driving vision are improved by the new touring windshield, the lower half of which is adjustable.

The side curtains, generally re-designed to conform to body and top changes, add the final detail of touring comfort. When in place, the curtains open with the doors and combine wide vision with lasting durability.

On Saturday, Nov. 14th, to the wife of Mr. Rod McLeod of Hansen's Corner, a son.

The hauling of grain to the local elevators which has been considerably small has made quite a spurt the last week or so.

Mrs Van Spievel of Duffield is holding a clearance sale of live stock and implements at her place a half a mile south of the town on Wednesday, Nov 25.

Wm. Comisarow of the Stony Plain Cash Store is getting in a carload of that good old Quaker flour on about the 25th of this month.

Robt Klapper and Jack Mamurey returned from the south last week.

The Auction Sale at Mr R Rosenthal's farm north of town last Friday drew a large crowd of bidders and everything offered brought a good price. Mr Rosenthal has purchased a farm at Zion on the H D and B C Ry and will move up there in the course of a couple weeks.

A concert and basket social under the auspices of the St Joseph's Church congregation will be held in Schwind's Hall, Spruce Grove, on Wednesday Nov 25th. A dance given by Martins' Orchestra will follow.

Messrs Alex and Geo Graden and John Jenkys returned home on Monday from a hunting expedition at Athabasca. They brought back with them three big moose and several specimens of smaller game as souvenirs of the chase. They report that big game is plentiful thereabouts and that there is an excellent car road all the way up. This should interest other hunters that have yet to get their prize this year.

A dance will be held at the Muir Lake School House on Saturday, Nov 28th. Good Music. Everybody Welcome.

Sec-treas Fidgeon will be at Stony Plain Saturday, Nov 21st to receive taxes on account of Municipal District of Inga No 520.

Owing to the great success of the dance last Friday night the Girls' Club is holding another dance on Friday, Nov 27. Bath's Orchestra will furnish the music.

Meredith Bros shipped two carloads of choice cattle from this district last week.

Big game and trappers' licenses on sale at the Sun office. C. N. express money orders are now on sale at Clarke's Drug Store.

Miss Florence McKinlay was the hostess to a number of her young friends at her home on Monday, being the day of her twelfth anniversary.

The election in the new Peace River district proved to be a close one. As yet there are some 15 poles to be run from Collins Cons leads Kennedy, former Progressive member in the Federal House from this constituency, by 102 votes.

A very interesting lecture was given in Duchoil's hall last Sunday evening by Prof Rebwinkel of the Concordia College. He did not speak on the subject which was previously announced as he had not yet obtained the lantern slides which he purposed showing. His talk on, "The Effect of Religion on Civilization" accompanied by pictures proved to be very interesting to the large crowd which attended. Mr Rebwinkel will come back to Stony again and will give an other lecture on "Lutheran Missions in Alberta" which will also be illustrated with pictures.

An accident which might have been much more serious than it was, occurred at the Holborn School last Wednesday. Young Magnus Larson while tending his horse in the school barn at noon was kicked on the back of the head by another horse just recently shod and was knocked unconscious for several hours. Miss Maudie Bibben, the teacher, going to a neighbor for help was thrown from the horse she was riding and was also hurt necessitating the closing of school for the week.

Good progress is being made on the new two-roomed Glory Hills school house by Contractor C Struss. The superintendent and inspector of schools and a department architect were out to give it the once-over and reported that it was being satisfactorily erected.

Professor Paul Werner holds school at his Studio on Main Street every evening except Musk-dy Day.

Surprise Party.

A number of relatives and friends quietly walked in on Mrs D McKinlay last Saturday evening to help celebrate with her the anniversary of her birthday.

Mr McKinlay just arrived home from the "Sturgeon" as the guests began to arrive from Spruce Grove and Stony Plain neighborhood. The evening was spent in music, singing and dancing after which a delightful lunch was served by the hostess assisted by Mrs M McKinlay. At midnight the guests departed and wished Mrs McKinlay many happy returns of the day.

Here and There

Sport conditions are very good in New Brunswick this year. Harold Chadwick operating, hunting camp in the province reports that at the end of September catches of spotted trout weighing 18 lb. were taken one day while a hunter took out a big game licence September 23rd and three days later had his deer and bear.

The world's most northerly police post, also the most remote of any human habitation, is to be constructed next year for the Royal Canadian Mounted Police at the far end of Ellesmere Island. Building materials and two years' supplies will be cached within easy freight distance of the point where men will be detailed for patrol duty on the lonely shores of Kiel straits.

Appointments recently made through the office of the Comptroller Canadian Pacific Railway headquarters are W. J. Cherry who becomes Freight Claims Auditor in place of J. B. Steele retired under pension rules, and W. L. Moran appointed Assistant Freight Claims Auditor. Both these gentlemen have been connected with the Freight Claims department for many years past.

Because the prospects for hunting and fishing in northern regions of Quebec are more attractive this autumn than they have been for several seasons, the number of residents of the United States applying to the Quebec association for the protection of fish and game for guides and licenses is much greater than it has been for some time, according to the secretary of the association.

A very pleasing incident occurred during the visit to Montreal of Madame Maria Jerzka, world-famous operatic star. Col. George H. Ham, "Grand Young Man" of the Canadian Pacific Railway who had met the singer before, sent his felicitations in the form of a bouquet, and Madame Jerzka replied with a bouquet of roses made of sugar with the hope that his day also would be sugar-coated. She gave an enougl recital in Montreal, leaving for Toronto the following day.

Isaac Gouverneur Ogden, vice-president in charge of finance, Canadian Pacific Railway, attained his 81st birthday October 10. Mr. Ogden is as active as ever although he has spent 54 years in railway work. He joined the C.P.R. as auditor of the western division with headquarters at Winnipeg in 1881 and has been vice-president of the system since 1901. Mr. Ogden was the recipient of flowers and congratulations from his colleagues on the occasion of his birthday.

Carelessness and lack of thought on the part of some unknown motorist at Belleville might have led to serious accidents if it had not been soon discovered that the wig-wag signal protecting the C.P.R. level crossing on the Kingston Road was out of order. Investigation showed that an automobile had driven out of its course and broken the relay case thereby cutting the electrical circuit. A watchman was immediately placed at the signal until necessary repairs had been made.

The Montreal Windsor street station has been one of the champions of the Quebec district in the First Aid contests held at the Place Viger hotel in that city under the auspices of the Canadian Pacific Railway. They won the contest against teams from Ottawa and Quebec and are now holders of the Gutelius Challenge Cup, emblemship of the C.P.R. First Aid championship of the province. The championship of the New Brunswick district was won by the McAdam team who competed against Saint John and Woodstock.
